

WIDE OPEN

LAB FINISH

BRAVO I[®]

For V-bottom and cat owners looking to achieve maximum top speed, the Bravo I[®] Lab Finish allows for an increase of 2 inches of pitch, which equates to a 2 to 3 mph gain at WOT. Top-end rpm will increase by about 300, and it will spool up quicker than a standard finish Bravo I[®]. With the same barrel length as the Bravo LT, the Bravo I[®] Lab Finish propeller is designed for four-stroke outboards and sterndrive applications that will benefit from thinner blades.
